GRANITES-KURRA
TEN YEAR PLAN
VISION STATEMENT

ACHIEVING BETTER OUTCOMES IN THE TANAMI REGION

STRONGER VOICE
STRONGER EDUCATION
STRONGER EMPLOYMENT

FOR YAPA
PURPOSE
The Granites-Kurra Ten Year Plan (the Plan) provides the Central Land Council (CLC), Newmont Tanami Operations (Newmont, or the mine) and Yapa with a guide for working together to achieve stronger outcomes for Yapa. Our work together will ensure Yapa benefit from Newmont’s operations for the life of the Plan and beyond.

The Plan highlights the outcomes that the CLC, Newmont and Yapa can achieve to strengthen Yapa voice, employment and education in the Tanami region. It also provides details of the actions that will be implemented to achieve these outcomes, and the performance measures that will be used to monitor progress.

CONTEXT
There have been some good outcomes from the mine in the past but the CLC and Newmont believe better outcomes are possible.

Newmont is confident it will continue mining in the Tanami region until at least 2026.

For these reasons, in 2016, the CLC and Newmont worked together with Yapa to develop this Granites-Kurra Ten Year Plan.

The CLC and Newmont acknowledge the many other organisations who share similar goals to those set out in this Plan. The actions set out in this Plan will aim to complement the activities of these organisations.
DEVELOPING THE PLAN
The process of developing the Plan built on previous research, engagement and discussions between Newmont, the CLC and Yapa that helped to identify:

- Yapa aspirations and expectations related to the mine; and
- Potential commitments, outcomes and actions for Newmont and the CLC to pursue together or separately to support Yapa to achieve their aspirations and expectations.

The Plan was:

- Drafted based on the outcomes of independently facilitated workshops involving key Newmont and CLC personnel (April 2016); and
- Revised through undertaking:
  - Detailed discussions with Yapa in Yuendumu, Lajamanu, Nyirrpi and Willowra (July 2016).
  - Discussions with stakeholders including: GMAAAC Directors, WETT Advisory Committee, Kurra WETT, Liaison Committee members, WYDAC, YKNAC, Kurdiji (July - November 2016)
  - Finalised at an independently facilitated workshop attended by Yapa, CLC and Newmont representatives (November 2016)
  - Reviewed and endorsed by traditional owners and CLC regional delegates in June 2017.
